

a time to EMPATHISE, a time to PRAY

And rising very early in the morning, while it was still dark, he departed and went out to a desolate place, and there he prayed. Mark 1:35

I've just watched and participated in the Cathedral's Lent and Sunday online Services. I want to thank Bishop Rennis; Vicar Terry; the pastoral staff and media staff for the messages and service. I have been ministered to even though it does not equal being physically present in church.

I've been involved in ministry to the persecuted church in China since the 1990s. I taught English in the rural schools and just a few years ago, I visited and taught in the house church seminaries. I've also done research on the churches in China. In their case, many bible study groups in China are conducted via online messages. So, I do not complain about our present situation. I think the Lord is enabling us to empathize with our brothers and sisters-in-Christ in the persecuted church.

In addition, Jesus himself went into times of isolation to pray to the Father. This is a time to develop a close relationship with God and to have faith in Him.
