The Book of Isaiah is a book about God's people living in their inconsistencies and contradictions in a real and dangerous world dominated by hostile and destructive powers and nations. In the light of these realities and s ubsequent exile, how would they survive?

In this study of Isaiah and applying it to our lives today, we will be looking at the God who is present and judges, the God who will come and save and the God who will establish his kingdom forever where "the wolf and the lamb shall graze together."

In 2019, the AGM approved a major restoration of the Cathedral Nave, covering the plaster and painting of the external and internal walls of the main building and transepts, various repairs and electrical works. Since then, over \$5,000,000 has been raised towards the restoration. In June 2021, Cathedral appointed the contractor to undertake the works, which will start in January 2022 and take up to 12 months.

After considering the health and safety of the congregation and challenges to maintaining sanctity of worship under restoration conditions, the PCC together with the Mandarin Congregation Church Council (CC) decided to close the Nave during the restoration works.

The PCC and CC considered alternative sites for worship services. Some options involve significant costs, and possible continued restrictions to on-site worship due to COVID-19 added uncertainty. The PCC and CC working together, decided to exercise financial prudence, and use existing Cathedral facilities for worship services during the Nave closure.

From January 2022, worship services will be held in the CNS and the Pavilion, subject to the prevailing Safe Management Measures. We will maximise and optimise our space, to allow as many people as possible to attend worship services, and

find space for our Ministries and cell-groups. More details will be shared in due course.

Please write to <u>nave_restoration@cathedral.org.sg</u> if you have any questions on the Nave restoration project and/or Nave closure. Periodic updates will be posted on our website at https://cathedral.org.sg/events/single/nave-restoration-project
